

Dear DeviceAnywhere User,

This month, DeviceAnywhere announces the launch of 5 new packages! DeviceAnywhere now supports 4 carriers in Japan, as well as Bell in Canada. With these new packages, as well as the additional handsets added to existing packages, a total of over 60 new handsets were added to DeviceAnywhere in the last month!

Also, this weekend, DeviceAnywhere 4.1 with DeviceAnywhere Pro was deployed! DeviceAnywhere Pro enables test automation on DeviceAnywhere devices. For more information on DeviceAnywhere Pro, [click here](#). Also - you can sign up for a FREE trial of DeviceAnywhere Pro by signing into your DeviceAnywhere account.

For more exciting DeviceAnywhere news, please read on!

DeviceAnywhere Japan, Bell Canada Launch with Special Offer!

DeviceAnywhere Japan is available! Now DeviceAnywhere provides access to NTT DoCoMo, Softbank, Willcom and KDDI-au. [View press release](#). And from now until April 30th, access to all Japanese carrier packages is FREE!

In addition, DeviceAnywhere and Bell Canada have partnered to provide the Bell VDL package. This package is currently available with 14 new handsets, and access is FREE from now until April 30th!

To take advantage of these offers, either go to your My Account page by logging in to DeviceAnywhere.com, or contact Sales@DeviceAnywhere.com. (Note: package access is free; regular hourly usage rates still apply).

DA Tips and Tricks

Many handsets go into a "sleep" mode after extended periods of no use (the screen will be blank).

If you acquire a DeviceAnywhere handset, and the device's screen is blank, pressing either the POWER key or the END key will typically wake up the device.

Resources

▶ For new DeviceAnywhere users, and those wanting a refresher course, we are holding a free DeviceAnywhere Training Webinar on Thursday, April 10th at 10AM PDT. [Click here](#) to sign up!

▶ The [DeviceAnywhere Forum](#) is now available for posting questions and interacting with other DeviceAnywhere users.

View Our Latest On-Demand Webinar: Mobile Website Development Made Easy with Netbiscuits and DeviceAnywhere

Netbiscuits enables content publishers, application developers, advertising and marketing agencies, service providers and others to quickly develop and deploy high-quality rich mobile websites worldwide. Together, Netbiscuits and DeviceAnywhere create a solution that provides access to devices worldwide on which developers can create perfectly formatted, rich mobile media websites - bringing better mobile content to market faster than ever before! [Click here](#) to view the webinar.

Upcoming Events

DeviceAnywhere will be exhibiting at CTIA Wireless in Las Vegas, April 1-3. Stop by our booth #4419 to view demos of our latest DeviceAnywhere product addition - test automation - and to register to win a free iPod!

On Monday, March 31st, join us at the WIP Mobile Jam Session  at CTIA, where DeviceAnywhere CTO David Marsyla will be leading a discussion on mobile application testing and certification. This is a free event for developers to get up close and

personal with industry leaders and experienced developers. Come and talk to Orange, Motorola, AOL, Cellmania, dotMobi, Symbian, Mobile Distillery, and of course, DeviceAnywhere! Get your invite now at: <http://www.mobilejamsession.com/subscribe>.

After checking out David Marsyla at the Mobile Jam Session, stop by the eWeek panel "Opportunities and Obstacles Implementing Wireless" on April 2. DeviceAnywhere CEO Faraz Syed will be speaking on the panel along with other industry experts from 1:30 to 3:00 in room N103. For more information, stop by the [event Web page](#).

Lastly, Faraz will also be speaking at Mobile Monday Munich, on April 7th.
