

Dear DeviceAnywhere Users,

DeviceAnywhere is pleased to announce a partnership with T-Mobile USA, to launch the T-Mobile Virtual Developer Lab! In addition, this month we are celebrating two years in the UK market. Our DeviceAnywhere Device Bank now includes over 270 UK devices across five UK carriers!

And as usual we've been busy adding more devices to the Device Bank, with over 50 new devices added this last month including more than 30 devices in the UK.

For more exciting DeviceAnywhere news, and to see the full list of new and upcoming handsets, please read on!

DeviceAnywhere and T-Mobile Partner to Launch the T-Mobile Virtual Developer Lab!

On July 29th, DeviceAnywhere unveiled the new T-Mobile Virtual Developer Lab. Through a partnership with T-Mobile USA, DeviceAnywhere users and T-Mobile USA developers will have access to all commercial devices, as well as select pre-commercial models. Contact us at DA_Sales@deviceanywhere.com to sign up. [Click here](#) to read the press release!

DeviceAnywhere at CTIA 2008

DeviceAnywhere will be exhibiting at CTIA 2008, at the Moscone Center in San Francisco, September 10th - 12th. Come visit us at Moscone Hall West, Booth #751.

In addition, DeviceAnywhere Director of Marketing, Leila Modarres, will be co-leading a forum discussion with Citigroup Senior VP Natalie Jo on "Mobile Banking" at the Mobile Jam Session on Friday, Sept. 12th.

And lastly, DeviceAnywhere is hosting a party for all DeviceAnywhere users! Party like a rock star at the DeviceAnywhere Rock Out, on Wednesday September 10th, at the W Hotel! Mix and mingle with mobile industry leaders while jamming out with Guitar Hero, provided by Activision. Cocktails and hors d'oeuvres will be served, and there will be a DJ. [Click here](#) for details, and to download an invitation!

Celebrating Two Years and 270 Devices in the UK!

We first launched the UK market back in the Fall 2006 with a small number of handsets. Since then, we've grown to encompass all five major carriers and over 270 devices! And this month alone we've added over 30 devices to the UK market!

DA Tips and Tricks

Many smartphones and touchscreen devices have automatic key locking to lock up device input when the device is not in use.

As a result, a device may appear frozen, when in fact, the keyboard lock is on. Here are some tips to unlock various types of devices.

- ▶ For BlackBerries, press the Star and then the Send key.
- ▶ For Samsung Instinct, hold the Shift key on your keyboard and press the Power button on the device.
- ▶ For Palm devices, press the Power button and the middle navigation key.

Resources

- ▶ Attend a FREE DeviceAnywhere Training Webinar on Thursday, September 4th at 10AM PDT. [Click here](#) to register!
- ▶ Attend a DeviceAnywhere Monitoring Overview Webinar on Wednesday, September 10th at 10AM PDT. [Click here](#) to register!
- ▶ Try our next DeviceAnywhere Training Webinar on Thursday, October 2 at 9AM PDT. [Click here](#) to reserve your seat now!
- ▶ The [DeviceAnywhere Forum](#) is available for posting questions and interacting with DeviceAnywhere users.
